

ORIOM

TECHNICAL RIDER

LIVE ELECTRONIC SOLO PERFORMANCE

ORIOM is a solo live act. Rainer mixes the entire show himself on stage — FOH receives **one stereo signal only: 2 × XLR (L/R)**. Microphone, instruments and live console are brought by the artist.

REQUIRED ON SITE

01

TABLE

1 × sturdy table, min. 120 × 60 cm

Set up centre stage for the ORIOM live console. Stable, non-wobbling.

02

POWER

6 × 230 V outlets at the table

Grounded sockets (Schuko / EU), e.g. power strip, directly at the performance table.

03

MONITORS

2 × 2-way monitor speakers

Stereo L/R, placed left and right of the table, facing the artist.

PROVIDED BY VENUE

- PA system appropriate for the room
- Sound engineer at FOH
- **Table, power and 2 monitor speakers (see above)**
- All cabling stage to FOH, incl. 2 × XLR (L/R)

PROVIDED BY ARTIST

- Microphone
- ORIOM live console and all instruments
- Complete mix on stage
- Stereo output: 2 × XLR (L/R) to FOH
